Did you know Millard Public Schools is mobile? The Millard Mobile App offers fast access to multiple resources all in one place. Anyone is welcome to download the app to access the district and school calendars, breakfast and lunch menus, social media, sports scores, contact information and more. The app is available for free for both Apple and Android mobile devices. Simply search “Millard Public Schools” in the iTunes and Google Play stores. Have a Windows phone or prefer to look at the app on your computer? Easy! Just go to <https://mpsomaha.parentlink.net/m>

The MPS Mobile app lets you select the schools you want to follow, the sports, calendars and more. This tool is especially powerful for families. All parents and guardians and all secondary students may log in to the app for quick access to student schedules, grades and library books currently checked out. For those hard-to-find library books hiding somewhere in the house, parents will enjoy the app's picture of the cover of the books! **If parents and guardians did not receive their email with log in and password information, the school secretary will be able to help. Students may log in with their tech id and password.**
